

XXI MONSOON MEETING

MORBIDITY & MORTALITY

JULY 30, 2026 -
AUGUST 2, 2026

TAJ CONVENTION
CENTRE, GOA

WELCOME MESSAGE

Dear Friends,

INIF is pleased to invite you to this year's Monsoon Meeting. The **21st edition** of the MM with central theme of **MORBIDITY & MORTALITY in Neuro Interventions** will be held from **July 30 to August 2, 2026** at the **Taj Convention Centre, Goa**.

From 2003 the Monsoon Meeting has been a constant in the Neurointerventional meetings calendar. This is one of the pioneering Neuro IR Complication Meetings in the world.

Like every year it will be an eclectic mix of **Case Presentations, MasterSpeak Sessions, Debates, Panel Discussions and E-posters** covering all aspects of Neurointervention. Additionally they will be unique MM features like **'The MM Wellness'**.

After the day's brain storming we will have relaxed and vibrant social evenings which always are an integral part of the Monsoon Meeting.

We invite everyone to participate in the open and unhindered discussions on contemporary and complex concepts as well as controversial aspects of neuro intervention.

Everyone will take back learnings about improving patient outcomes, through failure analysis and quality insights.

Year after year the MM endeavours to enhance individual and regional practice of neuro intervention. We cordially welcome all the practicing Neurointerventionists, young practitioners, beginners and fellows in training.

Focus on high end Neurointervention.

Come join us at MM '26 in Goa!

Warm regards,
INIF
